### SITUATION

1. I am currently the nominated conduit between Witness F and Victoria Police. As part of this role, I have been in recent contact with the witness over a number of issues.
2. The issue that has been brought to my attention by Witness F is the investigation of the murder of Adam KHOURY.
3. Due to Witness F association with several persons of interest in this investigation, the witness has been privy to conversations that may be of evidentiary or intelligence value to the investigators. Witness F was of the belief that due to the association with these persons, investigators would wish to speak to the witness as a part of the natural course of the investigation. Witness F has stated that a statement would be provided if required.
4. Due to a range of legal issues and complexities this matter has been referred to the A/C ICSD & A/C Crime for discussion.
5. It is advised to take no further action concerning this matter unless on the written agreement between the A/C ICSD & A/C Crime.
