

sms,deliver [REDACTED],,2009.10.25 12:35,, "Good to see that Vic Pol have finally broken the story on Mark Perry, the murderer I told Briars all about. Read today's paper so you're up to speed. Irony is that even if they locate him without my evidence they can't charge either copper. And I need not tell you how likely I am to finish that statement or give evidence. How fucking funny it is to be so instrumental yet treated with, at best, indifference. Circus."
