I have spoken with both [REDACTED] re this request

Sandy White in particular is quite concerned re the consequences of a chronology of events/meetings etc making its way into legal/solicitors hands (within the organisation and outside) and the risk it may/will pose to the unit as well as the witness/HS

I have informed him and [REDACTED] that I will read the chronology (250 plus pages - over a 3.5 year period) and then talk to you about it.

I think it would be good that once I have read it and briefed you that if you do not mind come out to the unit to talk through the risks / concerns of both of them

In its present form (chronology) it would pose some significant risks

John

IN CONFIDENCE

Paul

I had the following request from Simon yesterday. Can you please have the SDU compile a chronology detailing all of our dealings with "F" that finishes with our handover to Petra. The rationale for this tasking is that her statement of claims lodged by her begins with her being a witness at Petra and conveniently neglects all of the dealings she had with us prior to that date so this will assist in informing our response/tactics to her claim. Grateful if this could be completed by the end of May please.

Regards

JP
