Hi Paul, the Driver Steering Committee have just met and part of the discussions included the HS management file. Over the weekend I read the Gerard McGuire memorandum of advice dated 4 October 2011. The memo highlighted to me and the steering committee there is much we (Driver) don't know about the sources tasking and activities, but ironcially at the same time trying to cover all areas of risk, liability and credibility as a witness. To ensure the Driver Taskforce are fully aware of the complex issues I seek your approval for Buick, Frewen and /or myself to have access to the "log" or management file which McGuire inspected and what the DPP are to inspect in the next few days.

For your consideration.

Doug

Good morning gentlemen

Just confirming following our meeting on Friday that Chris Beale and I will attend your Office on Friday to look through all of the NG disclosure documents that were identified following the meeting held with Gerry Maguire recently. Chris and I will inspect these and determine if they are relevant.

Once this is done, you should (in conjunction with VGC) prepare a list of the documents and the list will be provided to the defence. They will then no doubt seek to view the documents and at that point VGS can be instructed to make any PII claims etc.

Because time is not on our side, it may be prudent for the list to be compiled now so it will then just be a matter of deleting from the list any documents Chris and I feel are irrelevant.

Regards  
Krista
