Doug

I believe that some of your staff are requesting John O'Connor (as the organisational contact with Witness F) to contact her and advise her of the following:

- i) there is a likely prosecution commencing in near future regarding DALE.
- ii) this relates to his appearance at a hearing (unable to expand but she is aware).
- iii) Wit F is on the brief and a required witness
- iv) what are Wit F's commitments and availability.

I believe that the settlement with F precludes us calling her as a witness for this matter. I recall requesting Shane O'Connell to seek legal advice from the VGSO or the OPP to ascertain if this prosecution could proceed without her being a witness. I don't recall being advised of an outcome.

Can you please discuss this matter with Peter Lardner before we progress any further as I think this is fraught.

Regards

JP
