Mark, further to yesterday.....

This morning I spoke to Paul Sheridan from Covert Services Division in an endeavor to track down any file that exists in regard to the disband of the SDU. Paul was unaware of any file as such and said that to his knowledge this was done via discussions led by Jeff Pope involving Graham and Ken. Paul had provided a number of papers to Jeff Pope but never saw a formal file per-se.

Could you please inquire if there are any clarifying docs or files on L 10 that might assist with joining the dots on this one.

Thanks

SG
