Thanks Boris, I am fine with that. Let me know if I can assist.

I am off for the next two weeks but contactable through Gavan Segrave. Paul Sheridan.

John, as per your conversation a short time ago with Detective Sergeant Jason Lebusque, could we please be provided with Witness F's current phone numbers.

It is **not** for the purpose of contacting F. Rather it is required for the purpose of profile and application updates.

Mr Sheridan, as a matter of contextualising this and potential future requests, myself and a small crew have been seconded from ESD to the Driver Taskforce, with one of our primary tasks of picking up the work previously being undertaken by the now defunct Petra Taskforce. To this end, we are invariably investigating past, current and future telephone and other forms of contact between our principle target and associates such as F.

More than happy of course to expand further on this if required.
