Gill,

Please see attached which is interesting.

The below report provided to me from Paul Sheridan is a briefing note dated 12/9/12 from A/A/C Fryer to A/D/C Pope outlining that SDU Staff are to be advised that they are to cease functioning on 18/9/12 (well prior to the 31/1/13 date for disbanding within your Covert Services Review doc)

Steve, I am still going through old email copies. The document below is useful in that it shows that in mid September the thinking of the then AC and Commander Fryer.

For the record I was supportive of the decision to terminate the existing SDU based upon their resistance to intrusive supervision however I did not agree that the CSD Review was the vehicle on which to base the termination.

I can discuss this further if we catch up sometime in the coming days. Paul S.
