

## GREETINGS

I'm writing to you to make a broad based submission. Firstly My name is Sean SONNET I'm a prisoner currently held at Melbourne Remand Centre on unrelated matters having served the sentence on the related matter. My matter started in 2004 I was arrested on the so called gangland murders my co-accused was Carl Williams I employed Lawyer X my case and what has occurred is corruption of the highest order. No one has wanted to touch it, they did not just Lawyer X is the only legal officer to have crossed the line but I realise your terms of reference limited and my matter also has another informer witness [REDACTED] recruited human source my relationship with Lawyer X ended badly and I believe police and Lawyers ~~to~~ turned on myself after this occurred I can explain this in person. My matter also involves [REDACTED] who I [REDACTED] a QC and Lawyer agreed with me but stated they couldn't do anything about it at that stage I have been waiting for a Royal Commission for years I served 13 year sentence from 2004 to 2017 I payed for my wrong doing and I think it's time for those in power to be held to account the law is the law not just one way when it suits.

MR. S. SONNET
