Dear Madam,

PROSECUTION OF **Mr Arnold** **AND** **Mr Joyce**

I note that you are briefed to appear at committal for **Mr Joyce**. I refer to my conversation with Arthur Koutsantony of 20 July 2007, where he advised that I should provide further materials in this matter directly to you.

As we discussed today, there were two versions of the GEMS brief, with the more recent (which I will call "GEMS 2") containing both further evidentiary material and disclosure material. I note that you advised that you were unable to download the GEMS brief onto your computer. I have therefore gone through GEMS 2 and attempted to locate all documents which were not in the original brief. I have printed these out and paginated them, and they are attached herewith. I have also attached the statement of ^{P11} [REDACTED] which is at pp 1756-1761 of the materials.

However, I advise that the GEMS brief also contains audio and video material. I note your request that the audio and video material be downloaded onto DVD format. I have checked with our IT department who have advised that it is possible to do this, though the files will be difficult to identify and not as easy to find as on the original GEMS brief. As discussed, we can provide technical support in downloading GEMS onto your computer. Please advise which option you would prefer.

Feel free to contact me on [REDACTED] if you have any queries.

Yours faithfully
